# FREEZE Action in Penn Station

5:00: Meet at 32nd St. & 7th Ave.  
“Freeze” at precisely 5:30 PM.

Our message:

## “No Attack on Iran!”

U.S. military moves and diplomatic maneuvering are escalating. A campaign of charges and lies reminiscent of the run-up to Iraq war is being ramped up. Leading political figures – from Bush, to McCain to Obama – threaten Iran that “all options are on the table”.

Lies similar to those leading to the attack on Iraq are being put out to convince people in this country that an attack on Iran would be justified. Why should proven liars on Iraq now be trusted around Iran? Massive new crimes against humanity are in preparation, all as the carnage continues in Iraq and Afghanistan. **We must act now to stop it.**

### Our plan for “freeze” action:

We cannot carry signs in Penn Station, but your shirts will be carrying the message of “No Attack on Iran!” and passersby will see it and witness you standing frozen. You may have your picture taken, people may want to speak to you, but you cannot respond. The point is to act as if you are a mannequin. This is not an illegal action, and will only be 5 minutes, but we will make an impact. Join us!

200 “froze” at Grand Central on July 10th  
(video at <http://nyc.worldcantwait.org>)

We don’t want to lose the effect of the “silent protest” - key is all of us acting together and with precision. That is why we need to gather outside 30 minutes before the action, to prepare and “synchronize our watches” so that at exactly 5:30 PM inside, everyone will stop exactly where they are and freeze what they were doing and hold that pose for 5 MINUTES.

To participate, email: [wcfreeze@gmail.com](mailto:wcfreeze@gmail.com). Hope you can make it! This will be a determined effort, but fun.

**Where from here? -- More NO ATTACK ON IRAN Action/plans:**

**Saturday, August 2nd** - March & Rally, beginning at 12:00 pm at Times Square, 43rd Street & Broadway

**Wednesday, August 6th** - Hiroshima Day. Freeze action at Staten Island Ferry Terminal, Meet up at 5:00. (Further details to be announced.)

**Who is the real nuclear threat in the world today?** On the anniversary of the U.S. dropping the atom bomb on the Japanese city of Hiroshima, killing over a hundred thousand civilians -- we will hold another freeze action - against a possible attack on Iran. Bush, McCain and Obama have all refused to rule out the use of NUCLEAR weapons in such an attack.

---

**Come to Denver August 25-28  
when the Democrats Meet**

Be there to make your sentiments loud and visible:

If you think no government should be allowed to do what the Bush regime has done the past 7 years, come to Denver and join others building a movement to that end.

If you are sickened by your government waging an endless, illegitimate, immoral war and occupation in Iraq, with ominous and immediate threats on Iran, and demand that U.S. aggression in the Middle East be stopped now, come to Denver and say it loudly to the world press

If you don't buy the justification of your government spying on private calls and mail, no matter which party makes it, come to Denver to repudiate the new FISA law.

World Can't Wait, other national organizations, and thousands of Denver activists will march against the war & torture, attacks on immigrants & women's rights; gather in parks with permits, drop banners, and be in front of DNC delegates and world press with our demand to bring the Bush program to a halt, no matter who is president.

Sign up/make arrangements now to go. Email: [dnc@worldcantwait.org](mailto:dnc@worldcantwait.org) or call 866-973-4463
