

WHO'S THE REAL NUCLEAR THREAT?

The Bush regime “has drawn up plans for massive air-strikes against 1,200 targets in Iran, designed to annihilate the Iranians’ military capability in three days,” according to *The Times of London*, September 2, 2007. Bush himself is intensifying rhetoric accusing Iran of gaining nuclear capability, and refusing himself to take the “nuclear option” “off the table” from the Pentagon’s Iran attack plans.
